Products Detail

Field Fence

Field fence is also known as Prairie fence, Cattle fence, Grassland Fence, which is made of hot-dipped galvanized steel wire, offer high strength and tensile strength, provide safety fencing against fierce striking of cattle, horse or goats. Knotted Wire Mesh Fences make an ideal fencing material for grasslands husbandry.

Material: Electric galvanized iron wire, Hot-dipped galvanized iron wire, High tensile steel wire, PVC painted wire, Low carbon steel wire, Mild steel carbon wire

Weaving and characteristics: (automated machinery) from hot-dip galvanized buckle connection is made with reasonable structure, beautiful appearance, tensile strength, corrosion resistance and so on.

Features:

- * Fence Grassland Fence made of High Strength Galvanized Steel Wire , high strength pull, can impact withstand cattle and horses, sheep and other livestock. Safe and Reliable.
- * Fence mesh Weft Wire take a rolling wave process, enhance the elasticity and buffering function, can adapt to the deformation and thermal expansion. The fence always maintain tension state.
- * Fence has the advantages of simple structure,short construction period, small volume and light weight,
- * Easy for transportation and installation, ventilation and light does not affect the landscape.

Woven Wire Field Fence

	Specification mesh					
	Type	Specification	Gross Weight (kg)	Set and bottom wire Diameter (mm)	In silk Diameter (mm)	Volume diameter (mm)

10/47/12	47"	12"	330'	9g	9g	311lbs

Application:

- *For forest safety fence
- *For breed sheep, goats, cattle or other livestock
- *For football or basketball sports ground
- *For prevention stone falling of road side

Special specifications can be produced by the customer's requirements.
