### Products Detail

#### Semi-Automatic Chain Link Fence Machine

**Semi-Automatic Chain Link Fence Machine** is operated simple the technics can control easily,it adopt the cutting wire artificially, border closing,the surface of panel is smooth, the function is reliable, services conveniently , it is suitable for the small enterprise.

The technical data for Jinlu araneid-B Diamond Wire Mesh Machine: It's convinient to mend and it's very adapt to some factory.

#### Main parameter:

- 1.Overall dimension: Length:2400mm Width:4400mm Height:2500mm
- 2.Max working platform:8000mm Max weaving width:8000mm
- 3.Net hole area:52x52mm
- 4.Max weaving wire diameter:4.0mm Min weaving wire diameter:1.0mm
- 5.Power: Motor: one set 3.0KW,the other one set 0.12KW
- 6.Production capacity:20-30m<sup>2</sup>/h
- 7.Totle weight:1.5T
